## ABOUT

I am a dedicated and passionate MERN Full Stack Developer with a strong foundation in web development and a deep enthusiasm for creating innovative, user-friendly web applications. My journey in the world of software engineering began with a fascination for problem-solving and a commitment to delivering high-quality, scalable solutions. As a Full Stack Developer, I excel in both frontend and backend development, allowing me to bridge the gap between design and functionality. My proficiency in JavaScript, React, Node.js, and Express.js enables me to build responsive and feature-rich user interfaces, while my expertise in MongoDB ensures data is managed efficiently and securely.

## EDUCATION & CERTIFICATIONS:

### Bachelor of Engineering – E&C

Shri Sant Gadge Baba College, Bhusawal  
Maharashtra University, 2009 - 2013

### Higher Secondary School Certificate

DAV Public School, Rajrappa Project  
CBSE 2009

### Secondary School Certificate

DAV Public School, Rajrappa Project  
CBSE 2007

## SKILLSET:

- JavaScript
- NodeJS
- ReactJS
- ExpressJS
- MongoDB
- MySQL
- CSS
- Web Services REST & SOAP
- HTML

## PROJECT EXPERIENCE

### ■ Build Real Estate Marketplace with MERN Stack (jwt, redux toolkit)

August 2023 - October 2023

Summary:

This project includes the following features:

- Advanced Authentication: Implement JWT, Firebase, and Google OAuth for secure and seamless user access.
- Real-world CRUD Operations: Create, read, update, and delete property listings using MongoDB.
- User-friendly Features: Enhance the user experience with image uploads, property listing management, and more.
- Advanced Search Functionality: Implement cutting-edge search features to help users find what they're looking for.
- Deployment Made Easy: Learn to deploy your MERN real estate app for free using the 'render' platform.

## PROJECT EXPERIENCE

### ▪ Build Book Store place With MERN Stack

May 2023 - July 2023

Summary:

This project includes the following features:

1. Authentication system
2. Admin panel for uploading, editing, and deleting books
3. Inventory management system
4. User-friendly interface for browsing and purchasing books.

## PROFESSIONAL EXPERIENCE
